The Caribbean and North American Area Council

CANAAC is the regional expression of the World Communion of Reformed Churches in the region of the Caribbean, USA, and Canada

Here are the Committees which will report on the work and outcomes of this General Assembly. These documents will provide guidance for the further work of CANAAC as this region's ecumenical body, a regional expression of WCRC..

1. **The Message Committee** crafts what is a high level statement reflecting the emerging points overall from this Assembly. It must carry some action points reflecting the voice of this body.
2. **The Theological Discussion Committee** reflects on the Grounding laid out by the Moderator, the four presentations made and the reactions and resonance from the plenary body. It must grasp a consciousness around the theme of the discussion: The State of the Church; Today and Tomorrow.
3. **Program Reflection Committee.** This group listens. It listens in the margins, in all spaces and shares its voice. What are the murmurings of the church? How does this committee understand the messages from the panels? What did it not hear that it expected to hear? How could we have expanded our voice in this space?
